

Moalboal & Malapascua Sardines & Thresher Sharks

Moalboal is quiet town just over 2 hours south of Cebu City and International Airport. Dive amongst millions of sardines, full of life scenic walls along Panagsama and admire the beauty of Prescador Island.

Kasai Village Resort, attention to detail is everything. Michael and the team will make you feel at home and the rooms are completed to a high standard. The dive centre has everything a diver needs; large camera room, spacious set up and rinse area, fantastic dive boat and super service from the dive team - you won't have to do a thing!

Malapascua is the only place in the world where divers can predictably see thresher sharks. The sharks come up from the deep for a clean on Monad Shoal and it's not uncommon to see many individuals during one dive. Plus, there are great day trips to 'Robinson Crusoe' style Kalanggaman and Gato Islands and a bit of wreck diving too!

Exotic Resort was the first to start diving with Thresher sharks. The dive centre is a friendly and slick operation and we'll have our own boat so we can go wherever we like, whenever we like! The resort is perfectly located right on the picturesque white sand Bounty Beach.
